### **Foundation DigestScience**

DigestScience is the first and only charitable foundation in France dedicated to research on digestive diseases and nutrition.

We raise funds companies and individuals; these funds are channeled into research programs aligned with our credo of improving the care and quality of life of patients with disease's associated with digestion and nutrition.

### **DigestScience and cycling**

A way for us to engage, communicate in a constructive way the challenges we have set out to address. We share this journey with the thousands of patients, with digest track disorders whose courage and determination to overcome and to win we witness daily. We believe that Sport in a positive setting which enables us to positively communicate with the general public.

To this end, DigestScience is the only foundation that has established a Bike Team that brings together more than 150 volunteer members from all backgrounds: young / old, sports / athletes less athletic, famous / not so famous, healthy / less able...

DigestScience challenge: To create this spring an event centered on cycling and contemporaneously brings to life slightly less than 48 hours of the legendary STAB race Paris-Roubaix, in the spirit of Testathlon each autumn for the past seven years.

### **To run this first Bike Night**

We are only able to run this night through the support that DigestScience receives from its many supporters and partnerships: AG2R La Mondiale, ASO, Calinauto, Club Winner, the Committee Nord Pas de Calais Cycling (FFC), the Regional Olympic and Sports (CROS), France 2, France 3 Giuliani SpA, HPM Group, Lesaffre, Lions Club, Mercier & Cie, Pro Impec, STAB, the Union Cycliste Internationale, Yves Delorme ... and many others - Thank you.
